### **TDOT Slope stabilization Project on Highway 321 in Gatlinburg**

Gatlinburg, TN (April 29, 2019) – TDOT has begun work on a slope stabilization project on Highway 321. During construction, southbound traffic will be reduced to one lane between Oglewood Lane and Roaring Fork Extension. Work crews will work Monday – Saturday during daytime hours. The anticipated completion date is May 22, 2019. Motorists are advised to use caution when entering the work zone due to lane mergers and construction personnel will be present.
