Gatlinburg Recreation Department Team Leagues

Dear Employer,

In today's job market it has become more crucial than ever to provide incentives to your employees to stay active and well. The benefits of regular exercise, socialization and recreation for your staff can be advantageous to you, as their employer through lowered insurance coverage premiums, lower employee absences and higher job satisfaction – leading to lower staff turnover rates.

Team building has become routine for most, if not all, major companies due to these proven benefits:

Improved productivity, increased motivation, increased collaboration, better creativity, and improved communication.

The leagues outlined in this brochure are designed to accomplish these goals.

Please contact us to sign-up your teams.

League Structure

All of our leagues consist of a Round-Robin season where every team will play each other at least once (more if the number of teams is smaller). This will help us establish seeding (ranking) going into the post season play-off tournament.

Once the 'regular' season has been played we enter the play-offs!

This will consist of either a single or double elimination tournament (depending on the number of teams), and end when we have a grand championship team. Each member of the winning team will receive a commemorative T-shirt and their name on one of our league trophies that are on display at the community center.

For more information please call

Laurence Evans at:

(865) 436-4990

Or email:

LaurenceE@gatlinburgtn.gov

If you are interested in sponsoring a team or teams for your employees please contact Laurence Evans (contact information above). We would be happy to provide you with a custom poster, with your company name, for the leagues.

Also, the Community Center has an up-to-date workout gym - The Tone Zone - and a great swimming pool both of which have low fees if you are interested in purchasing additional fitness orientated incentives for your staff.
